Dear Parents & Guardians:

We believe participation in sports and other interscholastic activities offers students opportunities and experiences that will help them grow and develop into responsible adults.

A properly controlled, well-organized athletic program builds a student’s self-expression, mental alertness, and physical growth. We wish to maintain a program that is sound in purpose and furthers each athlete’s educational maturity.

A student who participates in an athletic program is choosing self-discipline and sacrifice. These are two reasons we stress good training habits. Students who will not discipline their mind and bodies for rigorous competition have no place in sports. We strive for excellence and will not accept mediocrity of effort. We also recognize the rights of the individual within the objectives of the team or activity. Students who do not follow the rules training and conduct will be dismissed from the program.

For our part, when your child enlists in one of our athletic programs, we promise to provide

- Adequate equipment and facilities
- Well-trained coaches
- Full schedules with qualified officials

The Athletic Department’s role is to set rules to govern the spirit of competition. These rules are designed to provide fair play, while also preparing our students for life after high school. For the rules to work and the athletic programs to succeed, we must have community and parent support. We hope this manual will help improve communication between parents and staff.

Thank you.

I. Governance

A. Darlington County School District
   - The Darlington County Board (“the Board”) of Education is the governing body for our school system.
   - One of its responsibilities is to provide interscholastic athletic programs as a value to our students and community.
   - All personnel involved with our interscholastic athletic programs are approved by the Board of Education.

B. South Carolina High School League (SCHSL)
   - All schools are voluntary members of the South Carolina High School League (SCHSL) and compete only with member schools or out-of-state schools that are approved by the SCHSL.
   - As a member school system, the secondary schools of Darlington County School District (DCSD) will follow all the SCHSL rules and regulations.
   - The main role of the SCHSL is to maintain rules and regulations that ensure fair competition for the students and a balance with other educational programs.
   - The SCHSL solicits input and is responsive to feedback from member schools, appointed committees, and coaches’ associations.

C. Regions
   - Each secondary school in DCSD is a member of a region, as set by the SCHSL.
   - Regions are established to promote interscholastic activities among member schools and the benefits gained by working together.
   - Region membership makes it easier to arrange schedules, equalize competition, conduct meets/tournaments/play-offs, and determine championships.
   - The region provides each school the opportunity for competition without excessive travel and with schools of similar size.
   - Membership requires following region schedules, rules, and regulations.

II. Interscholastic Athletic Competition Philosophy

A. Statement of Philosophy
   DCSD athletic programs should provide a variety of experiences to help students develop habits and attitudes that will prepare them for adult life in a democratic society. Our programs will follow the policies of our Board of Education and the regulations of the SCHSL. While our Board, district, and schools take great pride in winning, we do not believe in “winning at any cost.” We discourage any pressure that might adversely affect good sportsmanship. Our athletic programs will be positive educational activities for our students.

B. Goals and Objectives
   Our main goal for a student-athlete is to help them become effective citizens in a democratic society. Our student-athletes will learn the following:
   - **How to work with others**: A person must develop self-discipline, respect for authority and the spirit of hard work and sacrifice. The team and its objectives must be placed before an athlete’s personal desires.
   - **How to be successful**: Our society is very competitive. We do not always win, but we succeed when we continually do our best. An athlete can learn to accept defeat only striving to win with earnest dedication. He/she must develop a desire to excel.
   - **How to develop sportsmanship**: To accept any defeat like a true sportsman involves knowing we have done our best. We must learn to treat others the way we would have them treat us. An athlete must develop positive social traits, including emotional control, honesty, cooperation, and dependability.
   - **How to improve**: Continual improvement is essential to athletic excellence. As a participant, you must establish goals and continually strive to reach them. You must try to better yourself in the skills required for success.
   - **How to develop positive personal health habits**: To be an active, contributing citizen, it is important to obtain a high degree of physical fitness through exercise and good health habits and to develop the desire to maintain this level of physical fitness after a formal competition has been completed.

B. Message to Student-Athletes
Membership on a Darlington County School District interscholastic team is the fulfillment of an ambition for many students. The attainment of this goal carries with it traditions and responsibilities that must be upheld. A great competitive tradition is not built overnight. It takes hard work from many people over many years. As a member of an interscholastic team, you will be faced with maintaining an already successful tradition or establishing a successful tradition. It is not easy to build a great tradition in interscholastic athletics or academics. When you represent your school, we assume you understand our goals and traditions and will meet the responsibilities that go with them. We hope that the contributions you make will be a satisfying accomplishment for you and your family.
• **Responsibilities to yourself:** Your most important responsibility is to strengthen your character. You owe it to yourself to get the greatest possible benefits from your school experiences. Your academic studies and your participation in extracurricular activities, as well as sports, prepare you for adulthood.

• **Responsibilities to your school:** Your school cannot build or maintain a reputation as an outstanding school unless you do your best in each activity in which you engage. By participating in an interscholastic competition, you are contributing to the reputation of your school. You also assume a leadership role if you are on an interscholastic team. The student body and citizens of the community know you. The student body, the community, and other communities judge our school by your conduct and attitude in and out of school. Because of your leadership role, you can contribute greatly to school spirit and community pride.

• **Responsibilities to others:** As a team member you bear a heavy responsibility to your family. You should never bring shame to your family. When you know in your heart that you have met all training rules, that you have practiced to the best of your ability and that you have played the game “all-out,” you can maintain your self-respect. Your family can be justly proud of you and your effort. Always remember that younger students are watching you and will copy you in many ways. Always set good examples for them.

C. **Individual Coaches Rules:**

Coaches may establish additional rules and regulations with the approval of the Athletics Director and principal for their respective sports. The rules pertaining to a particular sport must be given by the coach in writing to all team members and explained fully at the start of the season. Specific discipline and the penalties for violations will be provided in writing by the coach. The coach will retain a signed statement from the athlete and parent stating they have read and agreed to all rules and regulations.

2. If choosing to participate in more than one sport during a season, coaches/sponsors must inform the Athletics Director for eligibility purposes.
3. A student chosen to be a member of a team is a representative of that sport, their school, community, and the Darlington County School District. It is vital that student-athletes continue their involvement and participation throughout the season. The list below are the consequences for not continuing their commitment for the entire season.
   - **Dismissal** - An athlete dismissed from a team for violation of rules or conduct cannot practice with or join an other team until the season of dismissal is complete.
   - **Quitting** – An athlete quitting a team for any reason during the season will not be permitted to try-out/work out for another team until the sport he/she quit is complete.
   - *If a student-athlete is dismissed or quits a team twice in one year, he/she is not allowed to participate in sports for the remainder of the year.*

B. Equipment
1. School equipment and uniforms issued to the student/athlete are the athlete’s responsibility.
2. Loss of any equipment or uniform is the athlete’s financial obligation.

C. Attendance
1. Athletes marked absent for more than half of the school day will not be able to play in a contest or practice on that date.
2. Athletes with just reason may be excused from this policy. Just reason shall be anything beyond the control of the student, with the exception of illness. The coach will retain a signed statement from the athlete and parent stating they have read and agreed to all rules and regulations.

VIII. Athletic Code of Conduct

A. Code of Conduct
A firm policy of enforcement is necessary to uphold the regulations and standards of the DCSD athletic programs. The community, school administrators, and the coaching staff feel strongly that high standards of conduct and citizenship are essential in maintaining a sound program of athletics. The welfare of the student is our major consideration and transcends any other consideration. Another consideration is the instilling of honor, duty, loyalty, and values within the students that participate in athletics. All athletes shall abide by a code of ethics, which will earn them the honor and respect that participation and competition in the interscholastic program affords. Any conduct, while in season or out of season, that results in dishonor to the athlete, the team, or the school, whether on campus or off campus, will not be tolerated.

B. Penalty for Unacceptable Conduct:
Due to the serious nature of this rule, the coach should involve the Athletics Director and the principal to determine the penalty according to the degree of the infraction. The penalty shall range from a minimum of one game/contest suspension in the season or subsequent season to a maximum of permanent denial of participation.

This also applies to offenses that are deemed by DCSD to be “crimes in the community.” A “crime in the community” is a case in which the offender could pose a danger to students, the school campus, and/or the school climate.

Criminal Conduct Policy (continued):

3. The suspension may be waived after a minimum one-game suspension if the student/athlete participates in and ultimately completes a school-approved counseling program to address the nature of the offense. The suspension will be lifted at the time the student/athlete presents evidence that he/she is enrolled in an approved program.

4. Lack of satisfactory progress in the counseling program will result in the suspension being reinstated immediately.

5. The suspension may be lifted after a minimum one-game suspension if the charges are dropped, or if the individual is found in court to be “not guilty” of the charges.

6. If the student/athlete does not face legal charges, the suspension may be lifted after a minimum one-game suspension if the principal determines that the individual is not guilty of the offense.

7. The student/athlete may be required to complete 10 hours of school service assigned by the principal and/or Athletics Director, in consultation with the student’s parent(s) or legal guardian(s). The community service hours will be supervised by a school official.

B. Second Offense

2. Should the season end before the suspension is completed, the remainder of the suspension will carry over to the next season for that sport.

SOCIAL MEDIA

The DCSD recognizes and supports the student-athletes’ rights to freedom of speech, expression, and association, including the use of social networks. In this context, however, each student-athlete must remember that playing and competing for teams in the Darlington County School District is a privilege. As a student-athlete, you represent the DCSD and the communities and you are expected to portray yourself, your team, and the School District in a positive manner at all times. All student-athletes are required to sign a Social Media Contract prior to participating on an athletic team.

1. Everything an athlete posts is public information – any text or photo placed online is completely out of your control the moment it is placed online – even if you limit access to your site. Information (including pictures, videos and comments) may be accessible even after you remove it. Once you post a photo on a social networking site, that photo or comment becomes the property of the site and may be searchable even after you remove it.

2. What you post may affect your future. Many coaches and college admissions officers review social networking sites as part of their overall evaluation of an applicant. Carefully consider how you want people to perceive you before you give them a chance to misinterpret your information (including pictures, videos, comments and posters).

3. Similar to comments made in person, the DCSD will not tolerate disrespectful comments/behavior online, such as:
   - Derogatory language or remarks that may harm teammates or coaches; other DCSD student athletes, teachers or coaches; and student-athletes, coaches or representatives of other schools, including comments that may disrespect opponents.
   - Creating a serious danger to safety of another person or making a credible threat of serious physical or emotional injury to another person.
Social Media Policy (continued):

- Incriminating photos or statements depicting violence; hazing; sexual harassment; full or partial nudity; inappropriate gestures; vandalism, stalking; underage drinking, selling, possessing or using controlled substances; or any other inappropriate behaviors.
- Indicating knowledge of an unreported school or team violation – regardless if the violation was unintentional or intentional.

Do not have a false sense of security about your rights to freedom of speech. Understand that freedom of speech is not unlimited. The on-line social network sites are NOT a place where you can say and do whatever you want without repercussions. The information you post on a social networking site is considered public information. Protect yourself by maintaining a self-image of which you can be proud for years to come.

Because we expect our student-athletes to become contributing citizens in our local communities, we place emphasis on teamwork, self-discipline, commitment, loyalty, pride and achieving high academic standards. We expect Darlington County School District athletes to meet the standards set up in this contract, not only during the season(s) of their respective sport(s), but throughout the school year. It is our belief that by meeting these standards and setting a positive example, they will serve as role models for all students in Darlington County Schools.

PRACTICES AND SCHEDULED CONTESTS

A. Players are to attend all practices and scheduled contests. It is the responsibility of the coach or athletics director to set practice and contest times. If a player must miss a practice and/or contest, it is the responsibility of the players or their parents to contact the coach prior to the practice or contest time. Acceptable excuses are limited to: illness, training room attendance and family crisis. (All others must be cleared with the Athletics Director.) A note from a parent/or trainer is necessary even if contact has been made.

B. Players are to be on time for all practices and scheduled contests. Acceptable tardy excuses are limited to: training room with a note from the trainer; academic assistance with a note from a teacher; or a school organization meeting with a note from the sponsor. (These should be cleared with the coach prior to the tardy).

C. Players are to remain at practice for the duration. If a player must leave practice early, he/she must notify the coach before practice with a written note from the parent.

BEHAVIOR AND ETHICS

A. Disrespect includes, but is not limited to, the use of foul language or gestures, fighting, taunting, or acting in any manner deemed disrespectful by coaches, teachers or administrators. (This includes time both on and off the field of play)

B. Stealing will not be tolerated

C. Student athletes are expected to act in the best interest of Darlington County School District. Any conduct detrimental to the school or team will result in suspension or dismissal.

D. Student athletes are expected to be leaders in our schools. Therefore, school behavior policies and rules must be followed to the letter.

E. Student athletes must adhere to the DCSD Social Media Policy.

I/We fully understand the expectations of the Darlington County School District for their athletic programs and agree to abide by these expectations and policies throughout the school year, not only when my sport is in season.
Concussions and Student Athletes Fact Sheet for Parents and Athletes

WHAT IS A CONCUSSION?
A concussion is a brain injury that is caused by a bump/blow to the head. It can change the way your brain normally works. It can occur during practices or games in any sport. Even a “ding,” “getting your bell rung,” or what seems to be a mild bump or blow to the head can be serious. A concussion can happen even if you haven’t been knocked out. You can’t see a concussion. Signs and symptoms of a concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If your child reports any symptoms of concussion, or if you notice the symptoms yourself, seek medical attention right away.

Parents and Guardians
If your child experiences a bump/blow to the head during a game/practice, look for any of the following signs/symptoms of a concussion:

- Appears dazed or stunned
- Forgets an instruction
- Moves clumsily
- Loses consciousness (even briefly)
- Can’t recall events prior to being hit or falling
- Is confused about assignment or position
- Is unsure of game, score, or opponent
- Answers questions slowly
- Shows behavior or personality changes
- Can’t recall events after being hit or falling

Every sport is different, but there are steps your children can take to protect themselves from concussion.

- Ensure that they follow their coach’s rules for safety and the rules of the sport.
- Encourage them to practice good sportsmanship at all times.
- Make sure they wear the right protective equipment for their activity (ex: helmets, padding, shin guards, and eye/mouth guards). Protective equipment should fit properly, be well maintained, and be worn consistently and correctly.
- Learn the signs and symptoms of a concussion.

What should a Parent/Guardian do if they think their child has a concussion?
1. Seek medical attention right away. A health care professional will be able to decide how serious the concussion is and when it is safe for your child to return to sports. Notify your child’s coach if you think your child has a concussion.
2. Keep your child out of play. Concussions take time to heal. Don’t let your child return to play until a health care professional says it’s OK. Children who return to play too soon—while the brain is still healing—risk a greater chance of having a second concussion. Second or later concussions can be very serious. They can cause permanent brain damage, affecting your child for a lifetime.
3. Tell your child’s coach about any recent concussion in ANY sport or activity. Your child’s coach may not know about a concussion your child received in another sport or activity unless you tell the coach.

Athletes
What are the symptoms of a concussion?

- Headache or “pressure” in head
- Balance problems or dizziness
- Bothered by light
- Feeling sluggish, hazy or foggy
- Memory problem
- Does not “feel right”
- Nausea or vomiting
- Double or blurry vision
- Bothered by noise
- Difficulty paying attention
- Confusion

What should an athlete do if they think they have a concussion?

- Tell your coaches and your parents. Never ignore a bump or blow to the head even if you feel fine. Also, tell your coach if one of your teammates might have a concussion.
- Get a medical checkup. A doctor/health care professional can tell you if you have a concussion and when you are OK to return to play.
- Give yourself time to get better. If you have had a concussion, your brain needs time to heal. While your brain is still healing, you are much more likely to have a second concussion. Second or later concussions can cause damage to your brain. It is important to rest until you get approval from a doctor or health care professional to return to play.
- It is better to miss one game than the whole season.
